

AURORA BOREALIS Jonevan c2018

Verse 1:

Ninty-three million miles from nowhere.
High in the highest sky
Magic painted clouds go by
like a quick silver sphere
passing through time and atmosphere

Chorus:

Aloha Adonai
your love shines through all of time.
Dance on the northern lights
inviting is your spirit like Aurora (Aurora) borealis.

Verse 2

El Shaddai,
fill my empty heart (ooh ooh ooh ooh ooh)
Believe that all in all
the world still is beautiful.
putting all trust in love
let every life that lives and breathes sing

Chorus:

Aloha Adonai
your light shines through all of time.
Sweet dreams of northern lights
enchancing is your spirit like Aurora (Aurora) borealis. I see you.

Love of the mountains, of the oceans of my soul.
It's you alone that fills me up and makes me whole.
You are the warmth of sun, the truth the light the way (you light the way).
In love with you as starlit night turns into day
Watching Aurora (Aurora) borealis. I see you
